

# CHAPTER 11

## ARTICLE 1:

### *SUBPART D:*

### *DRUG LABORATORY SITE REMEDIATION OF CONTAMINATION*

#### § 11-1-1-40 TITLE.

This subpart shall be known and may be cited as the "Cleanup of Clandestine Drug Laboratory Sites Ordinance."  
(Ord. 36-2004)

#### § 11-1-1-41 FINDINGS AND INTENT.

The City Council finds and states its intent as follows. Clandestine drug laboratory sites are increasing in number in Albuquerque and are a serious health threat to the community. Remediation of the residually contaminated portions of clandestine drug laboratory sites is essential to assure the health, safety and welfare of the community. Property owners must share the responsibility for the clandestine drug laboratory sites on their property by bearing the initial costs of remediation of such sites, subject to restitution as provided in this subpart. This subpart is timely and appropriate because current laws and city regulations are insufficient to address the aforementioned problems. The restrictions contained herein are neither over broad nor vague and are narrowly tailored to serve a substantial government interest.  
(Ord. 36-2004)

(C) *Remediation by owner.* The owner of the property shall remediate the residually contaminated portion of the property by retaining an industrial or environmental hygienist firm to pre-test the property to determine the extent of the contamination and the nature of the required remediation. When the industrial or environmental hygienist firm determines that remediation is required, the owner shall retain a drug laboratory site remediation firm to conduct the remediation. The industrial or environmental hygienist firm and the drug laboratory site remediation firm shall be separate and unaffiliated business entities. Both firms shall be approved and currently registered with the Albuquerque Police Department and the City Environmental Health Department during the time they participate in the remediation of residual contamination. drug laboratory site remediation firm retained to remediate the residually contaminated portion of any property pursuant to this section shall comply with the best practices and standards for remediation of residual contamination adopted by the Albuquerque Police Department and the City Environmental Health Department. The industrial or environmental hygienist firm shall notify the owner whenever the firm determines that any structure requires remediation of contamination as required in this section. The owner shall send such notification of required remediation of contamination to Albuquerque Police Department, the City Environmental Health Department and the city's Chief Building Official. Within one city working day after the remediation is complete, the drug laboratory site remediation firm shall notify the Albuquerque Police Department, the City Environmental Health Department and the industrial or environmental hygienist firm that the property is ready for final inspection. After inspection by the industrial or environmental hygienist firm and approval by the Albuquerque Police Department and the City Environmental Health Department, the industrial or environmental hygienist firm shall issue a final clearance document certifying that remediation of the residually contaminated portion of the property was completed pursuant to the standards for remediation of residual contamination and shall deliver the certification document or send the document by certified mail to the owner. The owner shall provide a copy of the certification of completed remediation to each person and entity listed in subsection (A) (4) of this section, the city's Chief Building Official and the law enforcement agency that issued the notice under that subsection. After the final clearance document has been issued, both of the following apply:

(1) The owner, landlord, lien holder or manager of the property is not required to comply with subsection (G) of this section.

(2) Any person may use, enter, occupy, rent or sell the property.

It shall be the responsibility of the owner of the property to file with the County Assessor the document stating that the residually contaminated portion of the property has been remediated and neither the city, the industrial or environmental hygienist firm nor the drug laboratory site remediation firm shall be responsible for such filing or the costs associated with filing. The issuance of the document certifying that remediation of the residually contaminated portion of the property was completed pursuant to the standards for remediation of residual contamination shall be a prerequisite for a certificate of occupancy or any city required building inspection and shall not be in lieu of a certificate of occupancy or any city required building inspection.

(E) *Contaminated vehicles.* If gross contamination is removed from a vehicle, the notice of removal required in subsection (B) of this section shall be sent by certified mail to the owner of record and lien holder of record, if any exists. Impounded vehicles containing residual contamination shall not be released to the owner or lien holder until the remediation has been completed and paid for by the owner or lien holder. Remediation shall be accomplished by following the same procedures as set forth in subsection (D) of this section. Remediation costs as defined in subsection (J) of this section shall be in addition to any other towing, storage, or other impoundment fees.

(F) *Record retention.* The City Environmental Health Department shall maintain and make available on request all notices of removal and any documents that are created pursuant to subsection (D) of this section. A retention schedule for such documents shall be established by the City Clerk.

(G) *Notice to buyers and occupants.* The following notice requirements apply until the remediation is complete as provided in subsection (D) of this section:

(1) Within five days after a buyer signs a contract to purchase property, the owner shall notify the buyer in writing that methamphetamine, ecstasy, or any other controlled substance was manufactured on such property or that an arrest, as described in subsection (A) of this section, was made. The buyer shall acknowledge receipt of the notice. A buyer may cancel the purchase contract within five days after receiving the notice without liability. If the owner does not comply with this paragraph, the buyer may void the purchase contract.

(2) Landlords and their agents shall provide written notice to all prospective tenants for dwelling units that the dwelling unit was the subject of a notice of removal, as described in subsections (A) and (B) of this section, that methamphetamine, ecstasy, or any other controlled substance was manufactured on the property or that an arrest, as described in subsection (A) of this section, was made. The tenant shall acknowledge receipt of the notice before taking possession of the property or before signing a rental agreement for the property. The notice shall be attached to the rental agreement. If the landlord or their agent does not comply with this paragraph, the tenant may void the rental agreement. For purposes of this paragraph, "dwelling unit" shall include but not be limited to mobile homes and recreational vehicles.

(3) Before a customer occupies a room that was the subject of the notice of removal, as described in subsection (A) of this section, the owner or manager shall notify the customer in writing the room was the subject of a notice of removal as described in subsection (A) and (B) of this section, that methamphetamine, ecstasy, LSD or any other controlled substance was manufactured in the room or that an arrest, as described in subsection (A) of this section, was made. The customer shall acknowledge receipt of the notice before taking possession of the room and before signing a room rental agreement. If the owner or manager does not comply with this paragraph, the customer may void the agreement.

(4) Owners are required to notify all agents selling, leasing or renting property that is the subject of a notice of removal that such property is the subject of a notice of removal. When a sales, leasing or rental agent is notified that the property is the subject of a notice of removal, such agent shall notify in writing all prospective buyers, tenants or other occupants about the notice of removal and manufacture of methamphetamine, ecstasy, LSD or any other controlled substance on the property or that an arrest, as described in subsection (A) of this section, was made on the property. Notice shall be made in the same manner as required of the owner in this subsection (G).

(5) When a law enforcement officer has ordered the removal of all persons from property pursuant to § 11-1-1-44(A)(5), owners, landlords and their agents shall continue to be subject to the requirement to not permit people from occupying such property. Compliance with this subsection shall not eliminate the requirement that the property not be occupied.

(H) *Mobile home or recreational vehicle space rental parks.* If a mobile home or recreational vehicle in a space rental park contains a clandestine drug laboratory, the landlord of the park, on receipt of a notice pursuant to subsection (A) of this section, shall notify the owner and lienholder of record of the unit to remove the unit from the park within 30 days. This provision shall not apply when the owner of the contaminated mobile home or recreational vehicle is also the owner of the mobile home or recreational vehicle space rental park in which such contaminated mobile home or recreational vehicle is located. If the unit is not removed within 30 days, the landlord of the park shall remediate the contamination following the requirements set forth in subsections (C) and (D) of this section.

(I) *Restitution to owner.* A person who operates a clandestine drug laboratory and who is not the owner of the property shall pay restitution to the owner of the property for all costs that the owner incurred to remediate the property and, in the instance of a mobile home or recreational vehicle, the cost incurred by the owner of a space rental park for moving and/or remediating such property.

(J) *Remediation by city.* If an owner of property, a vehicle owner, a vehicle lien holder or an owner of a mobile home or recreational vehicle space park, as described under subsection (H) of this section, fails to comply with the remediation of the residually contaminated property or portion of the property as required in this section, the city may remediate of the residually contaminated portion of the property or seek a court order requiring the owner to remediate in the manner required in this section. If the city is unable to locate the owner within ten days after the issuance of the Certificate of Substandard Property, the city may proceed with remediation. If the city remediates the contamination, the owner shall pay to the city all costs related to such remediation. If the owner fails to pay the city for its costs of remediation, the city shall be entitled to file a lien against such property for the costs related to the remediation and bring legal action against the owner for such remediation costs. Remediation costs shall include, but are not limited to the expense for posting, physical security of the contaminated site, notification of affected people, businesses or any other entity, expenses related to the recovery of cost, laboratory fees, cleanup services, costs for testing for residual contamination, removal costs, and cost incurred for an industrial or environmental hygienist firm and a drug laboratory site remediation firm. When a contaminated vehicle is impounded, the vehicle shall not be released to the owner or a lien holder until remediation is completed and paid by the owner or lien holder and impoundment fees are paid by the owner or lien holder. Remediation costs for vehicles in which gross contamination is found shall include the costs for testing for residual contamination regardless of whether residual contamination is actually required to be remediated.

Impoundment fees shall include those fees defined as impoundment charges in § 8-5-2-1 ROA 1994. The city or its contractors may remove property as part of its remediation effort.

(Ord. 36-2004)
